Christmas Banquet Setup

We need your help to get things ready for the banquet this Saturday, Dec. 1st.

Cleaning and decorating the hangar is set for Friday, November 30th if anyone can come out and help. We are in need of Christmas trees and wreaths if anyone has any extra.

There are some great door prizes already donated for this year's event; however, . If you have a donation or know of a business that would like to contribute please let us know.

You are cordially invited to attend our annual EAA Chapter 1522 Christmas banquet at the Cynthiana-Harrison County Airport on December 1st at 6:30 pm. If you haven't already sent your RSVP for the Christmas banquet, please email or text Gordon Davis.

The Christmas Banquet is potluck with the meat being provided by the chapter (spiral baked ham). Side dishes are needed and please let us know if you are bringing a salad, vegetable, or dessert.

RV 12 PROJECT

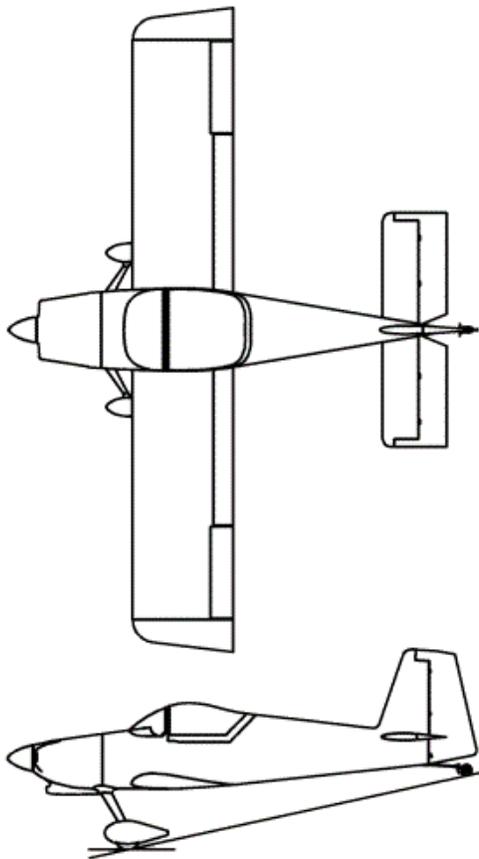

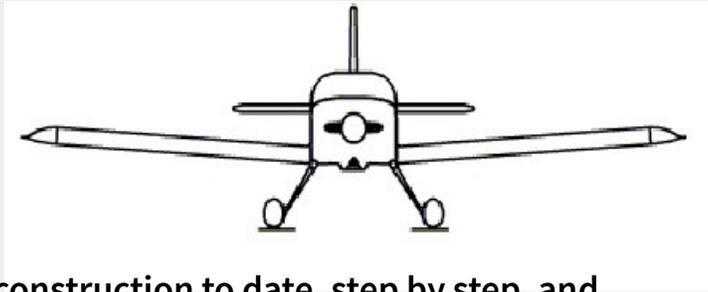

Meeting Overview

Major takeaways from the meeting:

1. Our first objective will be to review the construction to date, step by step, and determine exactly where we are in the build manual.
2. Quality control, with the emphasis on safety, will be a priority.
3. The aircraft will stay in Cynthiana as part of the existing flying club, or perhaps as the first ship of an entirely new one.

This will be a community build. All members are encouraged to participate, regardless of their building experience. We welcome anyone who wants to be a part of getting this bird in the air.

Tom Little

The RV12 is an economical light sport aircraft with fun handling characteristics, great performance numbers and remarkable visibility. If you haven't seen one up close, check out this video.

[RV12 promo](#)

Our next scheduled work day December 8, 1pm - 3pm

The RV project build team is in need of the following used but workable equipment.

These would be considered on loan till projects completion and then returned to owner

TV / DVD player – one piece or separate to play the “how to build” CD’s that came with project - these are not official but done by a previous builder as helpful guidelines.

Lap top that could stay with project to view flash drive plans as needed

Airport Interest

**Congratulations to our newest pilot,
Darrell Whitenack.**

**Darrell is a member of the Cynthiana
Flying Club, he passed his private pilot
check ride on Oct. 30th**

Some of our EAA members visited the Danville - Stuart Powell Airport (KDVK) on Saturday November 3rd to watch a Pumpkin Drop. It may be hard to see but in the circle is the pumpkin that was dropped from this Piper.

Senator Rand Paul visited the Cynthiana-Harrison County Airport on Oct. 30th while he was in town to meet with some of the local hemp farmers.

THANK YOU

As this year comes to an end, we want to say thank you to all our volunteers that have helped at events, dinners and gatherings.

Volunteers are the backbone of EAA Chapter 1522 and we could not have accomplished everything we have done this year without your help.

No matter if you volunteered at an event , helped set up and tear down after the meeting or swept floors. You are appreciated.

To our Young Eagles Pilots, who not only volunteer their time but their planes to give kids they don't know a free plane ride. They never complain and are always eager to volunteer year after year. Thank you

The Airport Board deserves recognition as well; they furnish the hangar for the meetings and heated it so that it could be used year round. They keep fuel prices as low as possible and make the airport a friendly and opening place to visit.

The Cynthiana-Harrison County Airport and EAA Chapter 1522 show the rest of the aviation communities what can be accomplished if you have the right leadership and several great volunteers.

Heartfelt 
THANKS
TO OUR VOLUNTEERS!
